NOTIFICATION

Subject: Candidates who have acquired eligibility qualification in supplementary examination 2011.

Some of the candidates who have qualified in the Karnataka Supplementary PU Examination, the results of which have recently been declared, have been representing that they be allowed to participate in the COMEDK Counseling process as against their valid Rank Score.

The matter has been examined. It is decided that as PU Board is likely to take some more time to issue original Marks Card, candidates who have qualified in the above supplementary examinations may participate in the COMEDK UGET – 2011 counseling for Engineering courses by producing the certificate indicating the marks secured in the qualifying examinations with the seal & signature of the Principal of the college where the candidates have studied and countersigned / attested by the Joint Director (Examination) of PU Board. Their seat selection is however subject to the production of original marks card issued by the PU Board either during the Second / Final Round of COMEDK Counseling or at the time of admission to the concerned Engineering College which ever is earlier.

(Note: Internet copies will not be considered even if attested)
