NOTIFICATION

Sub: Acceptance of surrender from COMEDK candidates who have selected Medical seats allotted from KEA

COMEDK has announced the process and schedule for extended second round for Engineering courses on 31.07.2017.

Subsequently, citing the dates for confirmation of choice for Medical seat in KEA being between 31st July and 3rd August, the Admission Overseeing Committee was of the opinion that few candidates who have selected an Engineering seat at COMEDK may have also aspired for a Medical seat through KEA. In such circumstances, it has directed COMEDK to consider accepting surrender of Engineering seat from such candidates who have selected Medical seat from KEA.

In view of the above, since the option of surrendering after the second round is not available and since one day is required for reconciliation of data earlier to the commencement of option entry for extended second round, the candidates who have been allotted a Medical seat in KEA can surrender their COMEDK Engineering seats upto 6.00 PM of 2nd August 2017.

To surrender their seats, the above candidates have to send request to email ID comedk2017surrender@gmail.com by enclosing copies of Medical allotment letters issued by KEA along with COMEDK allotment letter through their registered email ID.
